VOLUME CVI.---NO 91. ALEXANDRIA, VA., TUESDAY EVENING, APRIL 18, 1905. PRICE 2 CENTS.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing *only*, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol
Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

DISORDER IN CHICAGO.

After a conference held in his office late yesterday afternoon with representatives of the Teamsters' Union, Mayor Dunne, of Chicago, announced that he had about given up hope of settling the Montgomery Ward & Co. strike.

"I will hold a conference Tuesday," said the Mayor, "with representatives of both sides, but I have no idea at the present time that anything will result from the meetings. Both sides to the controversy seem determined to hold their ground, and there is nothing more that I can do. This settling of a big strike is a larger undertaking than I thought it would prove."

The conference late yesterday afternoon developed nothing new.

There were numerous disturbances yesterday in the streets and around freight houses. Several non-union men on their way home were followed and beaten by strike sympathizers. Henry Auten was beaten so severely with brass knuckles that he may die.

The most serious distubances of the day occurred late in the afternoon at the intersection of State and Madison streets. A mob numbering 2,000 persons gathered about a State street cable car in which James Jackson and Moses Flood, colored, who had driven a wagon to Montgomery Ward & Co's store, were riding. The two men, under guard of the police, had delivered a load of cheese to Montgomery Ward & Co., and after returning to the place from which they started, had boarded the car to return to their homes. They had ridden three squares when a crowd gathered around the car, and several strikers boarded it and attacked the negroes. Stones and sticks were hurled at the car, and in a twinkling every window in it was smashed. Two policemen rushed into the car, and in order to protect the colored men from the crowd, arrested them. A riot call was sent to the Central Police station, and it took 20 officers 30 minutes to drive away the crowd and open the streets again to traffic.

Boys Perish in a Panic.

Frenzied by a false alarm of fire, several hundred newsboys, struggling to obtain free tickets to a show by a patent-medicine advertising company, stampeded in a narrow stairway in the Masonic Temple at Indianapolis, Ind., last night, crushing the life out of four boys and probably fatally injuring several other children.

Long before the time approached for the distribution of free tickets the stairs of Masonic Temple were crowded with a pushing, yelling crowd of children, mostly newsboys, each anxious to be first to receive a pass. When the distribution began the excitement became more intense, and the efforts of several policemen to maintain order were unavailing.

It is alleged by a witness that one of the boys, in an endeavor to hasten the exit of those who had received passes, shouted "Fire!" Immediately those at the top of the stairs faced about and began madly to force a way to the bottom of the steps. Shrieks and personal encounters followed, and those at the top became so closely entangled that the mass of boys fell, clinging to each other, on the struggling knot of youths at the bottom of the stairs.

Policemen from Central station responded to a riot call, and began to extricate the smothering boys. Four of the latter were dead when uncovered. The boys fought desperately to get free, and a dozen were injured by the first crush or were hurt by the subsequent scramble for air.

A Rabbi's View of Matrimony.

Words of warning of the dangers apt to follow marriages of Jews with non-Jews were spoken Sunday by Dr. Emil G. Hirsch in his sermon in Sinai Temple in Chicago. Differences in views of religious matters and of other "fundamental things of life," the speaker said, constituted great obstacles. His subject was "Mixed Marriages."

"I have shown my sanction of such marriages by performing the ceremony myself, and such marriages are sanctified but they should not be encouraged actively," he said. The present day tendency to disregard parental advice was deplored, and the climax of the sermon was reached when Dr. Hirsch said: "At the best, marriage never is smooth sailing, and when young persons feel brave enough and strong enough to follow when love has bridged a chasm caused by 1,500 years of persecution of the Jews, and do so in the face of parental objections, they often find the way has bitterness worse than agony."

Continuing he said: "So I say, even if all other considerations are forgotten and for the sake of the world, if not for the Jewish faith, the hand of warning should be raised against the mistaking of the flash of passion or infatuation for the love which should be guided by wisdom. The Jews should guard jealously against the marriage of the Jew and non-Jew except in the rare case where a true affinity based on agreement in the fundamental things of life, has been found and tested."

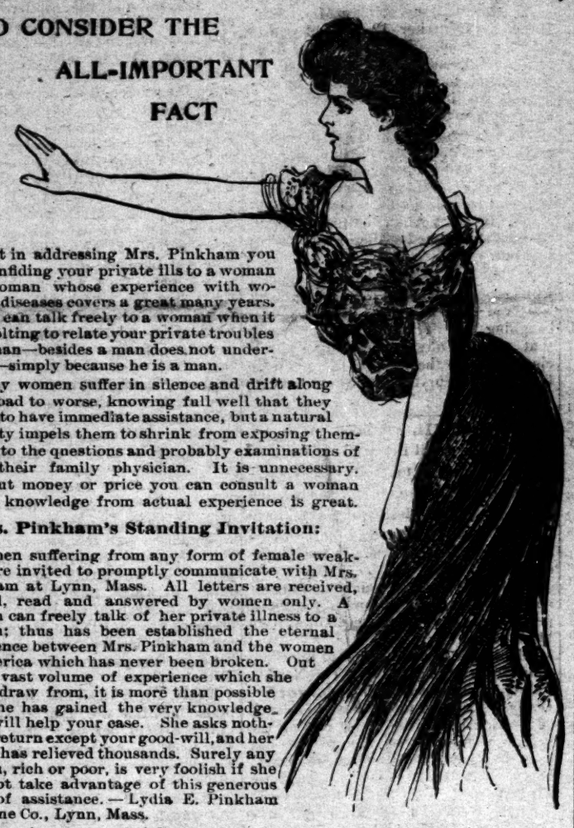
New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at E. S. Leadbeater & Sons' drug store.

STOP! WOMEN,

AND CONSIDER THE

ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with woman's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—

"For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 50th and E, Capitol Sts., Benning P. O., Washington, D. C.

Second letter.

"Dear Mrs. Pinkham:—

"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their values and what you have done for me.

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 50th and E. Capitol Streets, Benning P. O., Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Fired at Americans.

A letter from Puerto Plata, Santo Domingo, dated April 4, says that a crew from the Detroit landed the previous night, but was quickly halted. About 20 minutes before 9 o'clock a small fire was observed in the fort from the ships. Two divisions of men were at once put on shore in boats carrying a miscellaneous assortment of axes, shovels and hand grenades. As soon as the first boat reached the shore the men started on a run for the fort. Dominican soldiers, thinking an attacking party was coming, fired a number of shots and called out the garrison. Finally the officer in charge of the American party succeeded in explaining that they wished to help put out the fire. He was told by the Dominicans that they were only burning rubbish, and the native officer added the inquiry whether Americans allowed people to come into their forts after dark. Only his coolness prevented what might have resulted in disaster.

TUESDAY EVENING, APRIL 18, 1905.

MAYOR DUNNE, of Chicago, realizes that he bit off more than he can chew when he attempted to settle the Chicago strike. He now says: "This settling of a big strike is a larger undertaking than I thought it would prove." Judge Dunne was recently elected Mayor on certain issues, and many of the element now engaged in the unfortunate struggle in Chicago were his warmest supporters. He naturally supposed that he could exercise influence over them and bring the trouble to an end by means of arbitration. The Mayor, however, has found all his endeavors to pour oil upon the troubled waters futile, and has thrown up the sponge. He is now in a position from which he cannot recede, having obligated himself to carry out the laws of Illinois and those of the city over which he presides. He will be called upon to suppress riotous proceedings, and while engaged in fulfilling his obligations to the public will incur the enmity of many who will not understand his position. Uneasy lies the head that wears a crown is an ancient and true saying, and the Mayor of a city like Chicago, made up of representatives of every nation under the sun, is likely to see more swords hanging over his couch than did Damocles. The executive of any city has much with which to contend. The smallest communities often become hornets' nests over trivial matters, and the Mayor finds, after attempting to please everybody, that he has pleased nobody. This will be Mayor Dunne's experience.

SOME facts as to the alarming increase of cancer during the last 40 years, its cure, and its alleviation when cure is not possible, were stated at a recent clinical lecture at the New York Skin and Cancer Hospital. It was shown that in 1850 there were 9 cases of cancer to each 100,000 of population; that during each succeeding 10 years there was a steady increase, and that in 1890 there was something more than 33 cases of cancer to each 100,000 persons. From 1850 to 1860 the increase was only two and a fraction cases to each 100,000 of population, while from 1880 to 1890 there was an increase of more than seven cases to each 100,000. In the face of all the alleged discoveries concerning this terrible disease, and the optimism of some as to the possibility of its cure, it was shown that the world knows about as much about the real nature of the disease and treatment as did Hippocrates. Several years ago it was stated that in some States cancer caused as many deaths as consumption. In the face of this gloomy outlook, cancer, like leprosy, occasionally has its ravages stayed. A celebrated medical authority recently said that the origin of cancer was as mysterious as that of life itself.

A MOVEMENT is said to be on foot to supplant the colored laborer in the South by encouraging Italian and other foreign immigration. This class has for some time been used in this country in the construction of railroads, and it is said by some that they are more responsible than many colored people who in numerous instances are not to be depended upon. A large majority of the present generation of colored people—especially those in southern towns and cities—are uncertain, and often cause serious trouble by failing to appear when wanted. Sooner or later a new order of things will be necessary. The truth of the above can be shown every spring, when notwithstanding the large number of idle people of this race, it is impossible to procure farm hands in this section or cutters at Fishtown. Operators are now suffering loss by the failure to procure laborers. Those employed in cutting herring have been receiving forty cents a thousand. On Saturday last they struck for higher pay. Even at an advance in wages a sufficient number of men and women cannot be procured.

IF THE report should prove true that Captain Hatville of the steamship Oteri, belonging to the United Fruit Company, refused to aid the government yacht Sylph in response to its signals of distress, that master may lose his license. "Bad conduct" is sufficient cause under the statutes for revoking a license, and it is claimed navigators hold that the refusal of any master to respond to appeals for assistance comes within the term used by the statute. The revocation of a license is not sufficient punishment for a master who sails by and leaves a sister ship helpless on the sea. He should be tried under the criminal law.

SEVERAL members of the Board of Pension Examiners, who allowed pensions to eight Pennsylvanians, members of McLane's Erie Regiment, which was never mustered into the service of the United States, resigned yesterday. Commissioner of Pensions Warner announced that the other members of the board will be dismissed if they do not resign. If all were dismissed who allowed fraudulent pensions or who are cognizant of such, the pension department, it is believed, would have to be reorganized.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 18.

A carefully guarded diplomatic and military secret has just leaked out, bearing on Major General Arthur MacArthur's detail to join the headquarters of the Japanese forces as the military observer on behalf of the United States government. It now develops that this detail was made, not on the instigation of this government but at the direct request of the Japanese Mikado. Major General MacArthur is to join the Japanese troops in Manchuria and remain for a year or longer if the war continues, as the guest of the Japanese government. It is stated in this connection that the invitation was extended through Prince Fushima, lieutenant general in the Japanese army, on the occasion of his recent visit to the United States. When the Prince returned to Tokio, the Japanese government confirmed the invitation and requested the detail in question from the War Department here. The invitation in question is intended not only as a compliment to the United States, but more particularly a recognition of the soldiery qualities of Gen. MacArthur. While Prince Fushima was in San Francisco he spent a good deal of time with the general and a warm attachment resulted. The invitation also sets at rest certain stories to the effect that Gen. MacArthur was not in favor with the Mikado's government, because of his rigid investigation, some years ago, of the charges that certain Japanese and leading Filipinos were planning a revolution, in connection with which they counted on aid from the island empire. The investigation in question was the cause of some vigorous correspondence at the time between the Japanese and the United States government.

President Roosevelt's attitude on the recent Venezuelan episode will either consign the incident to the archives of the State Department in perpetuity, or else reopen the correspondence between this government and President Castro in a continuation of the negotiations. In case the President follows the first alternative, he will act upon the advice of Secretary Taft and the State Department officials, who believe that the United States had assumed an untenable and questionable position in insisting upon a removal of the asphalt litigation from the Venezuelan tribunals to a court of arbitration. Should the President undertake a continuance of the correspondence he would only be assuming aggressively the burden of proceeding thrown back upon this government by President Castro's inquiry in response to this government's ultimatum as to whether or not the United States recognized the sovereignty of Venezuela and the credibility of its courts. This answer was far from being a "yes or no" to Minister Bowen's demand that the asphalt business be submitted to arbitration. It is understood that the paraphrase of the final notes between Castro and Bowen recently published by the State Department gave the sense of the communications, but that the peremptory sharpness of both messages was eliminated. With the well known dislike which exists between Castro and Bowen, the former's failure to request the minister's recall is explained here by an old story to the effect that the retirement of Mr. Loomis, now Assistant Secretary of State, from the post at Caracas was due to a request for his recall made by Castro. Mr. Bowen succeeded Mr. Loomis, and if his recall should now be requested, diplomatic usage to the effect that a government must never declare persona non grata two emmisaries in succession would be violated. Mr. Bowen's withdrawal from Caracas is contemplated, and it is possible that if President Roosevelt is averse to closing the incident with President Castro, the victor in the diplomatic sparring, he will refrain from the resumption of communications until he has a new agent in Venezuela.

The President has appointed Elliott Northcott, of Huntington, W. Va., chairman of the State republican committe, to be U. S. Attorney for the district of West Virginia, to succeed Judge George W. Atkinson, who will be appointed Judge of the Court of Claims in Washington, D. C.

Chief John E. Wilkie, of the Secret Service, left Washington today for Manila, where, it is understood, he will make a personal investigation into alleged extensive counterfeiting of the new Philippine-American currency. Enroute, he will stop at Honolulu to establish there a branch of the Secret Service. He will sail from San Francisco on the Korea, May 3.

The cold weather of the last few days seriously injured the fruit in the central and southern portions of the country, but probably did not do very much damage in the eastern and northern parts of the Mississippi valley, and in the New England States. The weekly crops report issued today is authority for the statement that the cold did not injure the early spring wheat, but throughout the west the low temperature retarded the growth of practically all crops east of the Rockies.

The hearing of testimony regarding possible railroad rate legislation was begun this morning by the Senate Committee on Interstate Commerce. The first witness called was Victor Morawetz, chairman of the executive committee of the board of directors of the Sante Fe system. He declared that 450,000 people, bond holders, stock-holders, employees, etc, would be affected by any legislation that would reduce the earning power of the Sante Fe road. He contended that railway rates are not now excessive, and pointed to frequent statements of the Interstate Commerce Commission to corroborate this assertion. In his opinion railway rates would automatically adjust themselves if let alone.

Secretary Shaw has sent an order to the collector of customs at Newport News cancelling the order sent a day or two ago directing that two colored inspectors be dropped from the service at that place. An investigation of the office will be made for the purpose of clearing up what may be charges against the agent of the department who looked into conditions there and on whose recommendation the two inspectors were dropped.

Warning to Virginia Towboats.

Many and frequent complaints are made to the lighthouse authorities about the buoys marking the channels into Norfolk and Newport News as not being in harmony with the United States lighthouse notices. Referring complaints to Commander Henry McCrea, United States navy, lighthouse inspector of the Fifth district, he said yesterday:

"The frequency with which buoys marking the channel to Norfolk are displaced, broken off and sunk convinces me that there is much carelessness shown by the captains of the towing companies in Norfolk and vicinity while making their runs up and down the channel. The especial caution of the towing companies is therefore invited to this subject and I trust this notice will be sufficient to warn them of any carelessness which they may find on investigation to be the fact.

"I am directed to proceed against vessels doing damage to the aids of navigation, as there has been an excessive destruction during the past year within this district.

"I am aware that it is very difficult to obtain evidence against vessels which collide with oell and gas buoys, but as the conviction of any captain means the withdrawal of his license under Section 4439 of the revised statues it is hoped that the warning will be sufficient to deter them from further carelessness.

"Especial attention is invited to the buoy off Lambert Point, No. 11, which has been twice sunk and at least 20 times displaced during the last two months.

"At present everything is done to keep the buoys in place, but it is often impossible to have a tender handy for such purposes at short notice."

Trolley Crash

Thirteen persons were injured yesterday in a collision between two trolley cars at Broadway and Marcy avenue, Williamsburg, New York. Two of the 13 are believed to have been fatally hurt. The remaining 11 are suffering from broken bones and cuts and lacerations from splinters of wood and glass. The cars came together with such force that one was thrown off the track and over on its side into the gutter. A Broadway car was westward bound and a Reid avenue car was going east when the accident occurred. Both were traveling at a good rate of speed, with everything apparently all right, and the lines cleared. Suddenly the Reid avenue car ran into an open switch and jumped in front of the eastbound Broadway car. The crash had come before the motorman on either car could move a finger, and the Reid avenue car went over, carrying its passengers with it and burying them under broken timber and showers of glass.

Russian Affairs.

Vice Admiral Rojestvensky, whose fleet is rendezvousing in Kamranh bay or in the vicinity of Saigon, is evidently exercising every precaution to protect his ships from a night torpedo attack. For this reason his progress northward is not as rapid as was expected. The Japanese have captured a number of colliers in the neighborhood of Saigon and cut off a portion of the Russians' coal supply.

Should Russian warships remain in Kamranh bay, Japan will protest to France against violation of neutrality. Should France deny that the Russians are in their territorial waters it will afford the Japanese the desired opportunity to attack without violating French neutrality.

A Russian admiralty official expresses the opinion that Admiral Togo will not give battle near the Presadore Islands, as by remaining in home waters Rojestvensky must come his way in order to reach Vladivostok, the only Russian base.

Prince Michael Cantacuzene is one of the wounded Russians landed from the fleet at Saigon.

The libel suit of Major J. B. Johnson, colored, against Edgar Allan, jr., and others, for $10,000, will begin in Richmond today. The suit grows out of the factional republican bitterness in Richmond, in which Allan and his followers charged the colored soldier with having sold out.

APRIL FROSTS.

While the April freeze has not caused very serious losses to fruit and vegetables in Maryland, so far as reported, the heavy frosts of the last two nights have inflicted losses aggregating many thousands of dollars to growers in the Southern States.

In the entensive trucking country about Norfolk, Va., strawberry blooms, pears, peas and other vegetables were blighted.

Dispatches from all parts of the State show much damage done. The Norfolk county trucking section has suffered severely. Truckers on the western branch of the Elizabeth river report that all the vegetation now out of the ground has been destroyed, including strawberries, beans, peas and other early crops. Truckers on the Norfolk city side of the river report their strawberries unhurt.

In Hanover county the mercury fell below freezing and about half an inch of ice formed. There have been two falls of snow and sleet. Indications are that there will be a killing frost below before the cold weather abates. Vegetation in the county is well advanced.

Dispatches from southwest Virginia indicate that if the fruit crop was not destroyed Sunday night it would be in great danger last night. The mercury fell to 28° in some places, and at Radford there has been an inch of ice. Snow fell at intervals during the day. There was a fall of snow at Roanoke and vicinity Sunday that lasted several hours. If the wind subsides the fruit will be doomed.

The general belief at Lynchburg is that the fruit crop is still safe, though it is feared that if the wind stops blowing damage to the crops will result.

Lexington reports snow and very cold in that vicinity Sunday night. Ice formed and it is feared that the fruit crop is damaged.

In Georgia the temperature Sunday night went down to 31, the lowest on record for the 16th of April. Killing frosts are reported from Macon and Augusta and as far south as Mobile. Sunday night the cold snap did not do so much damage to the Carolina trucking belt, but the growers were extremely anxious that Monday night might bring more damaging frosts.

Light frosts were predicted for last night in southern Alabama and northern Florida. Some of the young cotton in Georgia and South Carolina was killed.

The frost in portions of Indiana and Illinois has wrought great havoc and the loss will be great.

MARTIN AND MONTAGUE.

Senator Martin formally opened his campaign at Suffolk, last night before a large audience. He said: "It is charged that I stand by my friends. I thank God that I have this reputation. If the people of Virginia desire a man in the United States Senate who wraps himself in his dignity as a cloak, and with lifted head and protruding chest refuses to visit the departments, proclaiming, 'I am a statesman,' then turn me down. I want to do something more than that for the people whom I represent." The South has been too sentimental," he dsclared. "This is a practical age. Our northern neighbors have been getting the best of everything. We have been talking constitution, while they have been getting appropriations. We have been theorizing; they have been realizing."

A large gathering heard Gov. Montague speak yesterday at Boydton. While his address was to a considerable extent along the lines followed by him heretofore, interest was added by the replies which he made to assertions of Senator Martin and Congressman Flood at Lunenburg and Appomatox. In his speech at Lunenburg Court House Senator Martin was quoted as having said he had settled the debt which brought $1,700,000 into the State treasury. The governor produced records to show that Senator Daniel had brought about the settlement, but when the matter was finally adjusted, the State of Virginia received only the sum of $5.50 as its balance. The governor also made the charge that Col. Joseph Button, a member of the State democratic committee and its secretary, was regularly engaged as Senator Martin's practical campaign manager at Richmond, and that in this capacity he brought Senator Martin all the information there obtained to be used against one who had never scratched a democratic ticket in his life. His reference to Congressman Flood who had accused him of being absent from his office 166 days in 1904, was that the congressman was afflicted with failing memory. He asserted that all of his speechmaking while governor has been for the good of the State.

Today's Telegraphic News

Serious Trouble in France.

Limoges, France, April 18.—The character of the rioting here yesterday; when the strikers erected barricades over which red and black flags were raised, and were fired on by soldiers, is considered to be clearly revolutionary. Thirty-two arrests have been made and among the men taken in custody are several foreigners, who are known as revolutionists. Three strikers were killed and nine were wounded as the result of the attack by soldiers on the strikers yesterday. The situation is regarded as so serious that fresh troops have been called in to overawe the strikers.

The city legislature today decided to bury the victims of the clash between the strikers and the soldiers at public expense. The flag has been placed at half mast over the city hall, as a sign of mourning. It is reported now that several of the men who were wounded when the soldiers fired have died since.

A general meeting of the strikers was organized this afternoon. A recurrence of the disorders of yesterday is feared. Patrols of troops are kept busy clearing the streets, at frequent intervals.

Paris, April 18.—In the Chamber of Deputies today MM. Reille, Gauthier and Vaillant interpellated the Government regarding the strike and the disorders at Limoges

A dispatch from Limoges states that the strike has extended to the shoe factories in Limoges. The streets are barricaded, and the town is practically in a state of siege. The strikers paraded through some of the streets this morning, wearing wreaths with the names of the dead on them and inscribe:" "Victims of the lockout." Unofficial figures place the number of soldiers wounded since the strike began, at 174.

The Fleets.

St. Petersburg, April 18.—The Novo Vremya today prints several telegrams from officers with the vessels in the Baltic fleet, dated yesterday, although the place from where they were sent is not stated, in which they declare that the fleet is in excellent condition. The government has paid Baron Meyerhoff three million roubles for the damage done to his estates by peasants during the recent disturbances.

Tokio, April 18.—The Japanese have proclaimed that the Tsugaru straits are in the zone of defense. The usual restrictions to navigation will prevail. These straits connect the North Pacific ocean with the Sea of Japan and separate the island of Hondo, the largest island of the Japan empire from Yezo, another island of the group, which lies to the north. The straits are almost directly east of Vladivostok, which is Admiral Rojestvensky's ultimate place of refuge.

Singapore, April 18.—The steamship Huisang which has just arrived here reports that she passed Kamrans Bay at noon on Saturday and that the Russian fleet was then at anchor in the bay. The vessels were all engaged in coaling.

Affairs in Russia.

St. Petersburg, April 18.—Following the imperial rescript yesterday, which directs the extension of the system of Zemstvos government to parts of Siberia, the announcement is made of the intention of the government to direct its attention to the improvement of that section of the empire. The Department of Public Works and Railways has decided to expend nearly 5,000,000 roubles for the improvement of the commercial facilities of the Tobol river and other Siberian waterways. The Tobol flows through the province of Tobolsk, having its source in the Ural mountains, and following a general northeasterly course joins the Irtish near Tobolsk. The river is about 500 miles long, and is navigable for about three quarters of its length.

Odessa, Russia, April 18.—Serious disturbances occurred yesterday at Elsivatgrad. A mob held the Tsarski boulevard for three hours, in spite of all opposition, while the leaders indulged in violent speeches. The police were powerless to deal with the crowds and it was necessary to call out the troops who finally cleared the boulevard.

The War in the East.

St. Petersburg, April 18.—The war correspondent of the Zeitung with the army in Manchuria wires that the Russians, for the past month, have occupied positions south of the line between Zpangtai and Kiussiowa. The Russian scouts who have penetrated as far south as Changtufa state that the Japanese are erecting fortifications west of the railway, and have been fortifying the villages in that region, evidently in expectation of a Russian attack.

St. Petersburg, April 18.—Naval workmen to the number of 600 have been engaged at Cronstadt to go to Vladivostok. The party will start on April 20.

Disturbing Element Removed.

Poughkeepsie, N. Y., April 18.—C. V. Daniels, a student at Eastman Business College, for whose removal 160 southern students petitioned President Gains, alleging that he has negro blood, yesterday withdrew from the main college in this city. President Gains accompained him to New York. Dr. Gains, who was born in Virginia, yesterday addressed the school, and accused those who had signed the petition of taking a very narrow minded action. Daniels comes from St. Thomas, and is seventeen years old. He says his father is an Englishman, his grandmother Danish and his mother Porto Rican.

Battle with Strikers.

Wheeling, W. Va., April 18.—A car load of fifty strike breakers coming to the Whitaker Steel Mills over the Wabash Railway from Pittsburg, fought a hand to hand battle with 100 strikers at noon, today. The battle took place at the mill entrance. Stones, clubs and knives were used, and then revolvers were drawn. Fifty or sixty men were bleeding from the wounds on their heads and faces in a few minutes. Some shots were fired, but none took effect. The sheriff with a posse is in command.

The Nan Patterson Case.

New York, April 18.—An unfinished case on trial as before Recorder Goff this morning delayed the opening of the trial of Nan Patterson, who was brought to the bar for the third time charged with slaying Caesar Young last June. The first trial resulted in a mistrail because of the sudden illness of a juror, and the second trial ended in a disagreement. Counsel for Miss Patterson announced when court opened this morning they were ready to proceed. Abe Levy, her counsel, said before the case opened: "I am of the opinion there will be some difficulty in securing a jury. Not that we will not be able to get twelve impartial men, but because so many talesmen are averse to giving up their business for the length of time it will take to try this case. Nan Patterson is eager for the trial, and has every confidence in her acquittal. I feel assured that we will prove beyond peradventure of a doubt, to the jury the innocence of this young girl."

The fight for the possession of the Smith letters, which are said to be very evidential in character against Miss Patterson, will be continued on Wednesday before Justice Gaynor, who last night, modified his peremptory order to the District Attorney to turn over the Smith letters to Counsel. Justice Gaynor said that he had been deceived in granting the order and pending the argument on the motion on Wednesday he would modify it so that the District Attorney might keep the letters. When the order was served yesterday afternoon by the District Attorney. A package was turned over to Lawyer Limburger counsel for the Smiths examination of the package disclosed this morning that Limburger was the possessor of some unimportant letters and some hairpains which were presumably the property of Mrs. Smith.

A few minutes after twelve o'clock, Clerk Brophy cried: "Nan Patterson, to the bar." The doors in the rear of the court room swung open, and the actress made her way with a court officer to her seat at the counsel table. She looked around and nodded to her father, who sat with the spectators behind the counsel table. Nan Patterson has changed. Prison life has agreed with her and she has grown stout.

The examination of talesmen to select a jury was soon commenced. Four talesmen had been examined and excused and a fifth talesman was under examination when a recess was taken for an hour.

District Attorney Jerome, in reading from an affidavit in Part I, Court of General Sessions, this morning directly charged that J. Morgan Smith and wife fled from the jurisdiction of that State and remained away until they were arrested at the instigation and by the advice of counsel. Judge Foster took the papers in the case and said he would render a decision tomorrow.

Changes in Prices of Oil.

Lima, Ohio, April 18.—The Standard Oil Company knocked out the bottom of far West crude oil hopes today, and instead of the usual decline of two cents, sent the markets down five cents, a barrel in Kansas and the two territories. This decline is the hardest blow yet dealt to the independents in these fields. Hundreds of Ohio, Indiana, and eastern oil men and capitalis are heavily affected.

Pittsburg, Pa., April 18.—The Standard Oil Company's purchasing agencies announce the following changes in prices for crude oil, Tiona, $1.46; Pennsylvania crude, $1.31; do second sand, $1.21; Newcastle, $1.23; Cabel county, $1.06; Corning 98c; North Lima, 88c.

Death of Asel Gates.

Chicago, April 18.—Asel Gates, father of John W. Gates, died this morning at his residence in St. Charles. Gates, were at the bedside at the hour of death. Asel Gates was a leading farmer in northern Illinois before his son achieved prominence in finance. He retired 30 years ago. His property, mostly in farm lands, is valued at about $1,000,000. Mr. Gates was born near Parkman, Ohio, April 25, 1820.

Strike a Failure.

Rome, April 18.—The strike of railway trainmen, which was inaugurated at midnight Sunday, is generally regarded as a failure. More trains are being operated today, and new men are constantly being employed. There have been no disturbances. The mayor of Florence has opened subscriptions for the men who refused to leave their work and join the ranks of the strikers.

Joseph Jefferson's Condition.

Jacksonville, Fla., April 18—At 8:30 o'clock this morning, central time, Joseph Jefferson was about the same as was reported at 2 o'clock. Dr. Noble regards his condition this morning as nearing the end, but states in a bulletin that he is holding up well for a man of his age.

A bulletin issued at 10 o'clock this morning by the doctors at the bedside of Joseph Jefferson, says that he is sinking slowly but appears to revive at times, due to his general nervous disposition, which shows great vitality, at times. The family are at the bed side frequently, expecting the end, but the doctors say that indications are that he will live through the day and night.

Exodes of Jews.

London, April 18. A dispatch to the Exchange Telegraph Company, from St. Petersburg, states that the Jews in Kishineff and other towns in south Russia, are hastily leaving their homes owing to the approach of the Easter religious celebrations. They fear that the Russians will take advantage of these celebrations to commit further massacres.

"King and Queen of Heaven."

San Jose, Cal., April 18.—Mr. and Mrs. Frank Drew, of Saunegan, N. H., were taken from a cottage by the police late yesterday afternoon both raving in delirium. It is believed their nervous system became deranged while passing through the high altitudes in the Rocky Mountains. The couple imagined they were "King and Queen of heaven." The interior of their house was a wreck and there was nothing in the cupboard except dried prunes. Bank books found show they have thousands of dollars on deposit in eastern banks.

Both sides will make statements to the general agents, and then the latter will decide upon their position.

The New York legislature met in joint session today for the purpose of hearing General Fitzhugh Lee, president of the Jamestown Exposition Company, who requested that provision be made for a State building and exhibit at the exposition.

Grand Juror Accused.

The charge that Col. Levi Weinberger, a member of the present Baltimore grand jury, promised protection to Frank Sauter, a restaurant keeper who conducted a game of chance at his bar, in return for the restaurant man's buying a special brand of whisky from Colonel Weinberger, as salesman, was made yesterday afternoon in Justice Grannan's court at the Central Police Station, by Mr. Sauter, who was arrested on Saturday for maintaiuing a gaming table at 102 north Liberty street. Mr. Sauter admitted that he ran a game of chance.

Colonel Weinberger in an interview made a flat denial of Mr. Sauter's charges, saying that he never mentioned protection to him, nor theatened to have his place raided.

WEATHER PROBABILITIES.—For this section fair tonight and Wednesday; fresh westerly winds.

Accident to Crane Car.

By the overturning of a crane car at the crossing of the new railway tracks and Braddock road, a short distance north of this city, about 4 o'clock yesterday afternoon, two men were injured. Samuel Stebbins, an engineer, whose home is in North Carolina, and John Ford, an iron worker, from near Farmville, Va., were the victims of the accident. The former has a broken arm and is cut and bruised about the head. Ford is hurt about the head and back, and it was at first thought his injuries were fatal, but it was subsequently seen that he was not seriously hurt. The crane car on which the men were employed was lifting into position an iron girder weighing over eight tons, when the car toppled over, it is said, from the foundation giving away under it. A number of iron workers who were on the car jumped and escaped injury, but Ford and Stebbins were less fortunate. The injured men are in the employ of the American Bridge Company, of Phoenixville, Pa., which has the contract for constructing the bridge work incident to the railway improvements near Alexandria. Both men were brought to this city and placed in the Alexandria Hospital. It is said that the men who operated the crane had been warned of its dangerous position.

Defacing Property.

A large number of residents of this city are kept in a chronic state of exasperation by the vandalism of certain persons—presumably boys—who deface houses and fences in various ways. If either is painted in a light color charcoal is introduced; if of a dark hue chalk is freely used. Besides this species of wanton defacement, houses and fences are often cut and otherwise rendered unsightly, while stone doorsteps are attacked with hammers and other implement of destruction. Many years ago the City Council passed an ordinance providing for a fine of five dollars upon such offenders, and examples should be made of a few of them.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lee Odell, arrested by Officer Mayhugh charged with using abusive language toward George Lucas, was dismissed.

Peter Macabee, colored, arrested by Officer Knight charged with assaulting and beating Ann Jordan, was dismissed.

Hattie Conway, colored, arrested by Officer Nicholson charged with assaulting John Dogan with a pistol, was dismissed, and the latter fined $10 for assaulting the woman.

Sent to Jail.

Fortune-tellers have rough experiences in Washington. William Houston and William Burke, who are said to follow this vocation, were arranged in Police Court yesterday with four charges of larceny against them. The men are said to have visited the homes of poor people, mostly negroes, and, posing as wizards, swindled them out of small sums of money. After the evidence was heard, Judge Scott sentenced each of the defendants to eleven months and twenty-nine days in jail, remarking as he did so, "The law is intended to reach just such rascals as you fellows."

A Happy Gathering.

Mr. Charles H. Zimmerman gave an opening entertainment last night at his hotel in Market alley. A large number of Mr. Zimmerman's patrons, friends and acquaintances who had been invited were present and all experienced a pleasant evening. Mr. Zimmerman has recently enlarged the old Market alley hostelry and in a measure metamorphosed the building. It is one of the most popular restaurants in the city and the number of its patrons is increasing daily.

Potomac Steamboat Service.

A letter from King George to the Fredericksburg Lance says:—"The people of King George are dissatisfied with the inadequate steamboat service on the Potomac. There is only one boat plying between Washington and lower Westmoreland and the schedule is such that the people of this county must do their shipping and travelling to Alexandria and Washington on Sundays or in the night. The only day-time service is a boat down the river on Saturdays and up on Sundays."

Daughters of the Confederacy.

The Seventeenth Virginia Regiment Chapter, United Daughters of the Confederacy, elected the following officers yesterday afternoon: President, Miss Loula Smoot; first vice president, Mrs. George L. Simpson; second vice president Mrs. W. N. Harris; recording secretary, Mrs. George Warfield; corresponding secretary, Mrs. John M. Johnson; treasurer, Miss Dolly Peyton; register, Mrs. Blanche Berkley; historian, Mrs. William Wood.

Preparing for Improvements.

The Alexandria Fertilizer and Chemical Company is preparing for certain contemplated improvements to their works in this city. The acid plant is to be materially enlarged, and the plans for the construction of the bridge across Union street and a wharf on the Strand have been completed. Work on both will be commenced in a short time. The old brick building adjoining the Globe Mills on the north is to be remodeled and utilized by the company.

Royal Arcanum.

The Grand Council of the Royal Arcanum met in Richmond today. Messrs. R. W. Arnold, H. K. Field, D. H. Appich and J. E. Shinn, of Alexandria Council, left last night. The two first-named are ex-officio members of the Grand Council. The others are the regularly-elected representatives. Messrs. G. H. Schwab and J. F. Petty are representatives of George Mason Council.

The Washington conference of the M. E. Church, colored, adjourned in Winchester yesterday. Among those appointed were D. W. Hays, presiding elder of this district, and J. W. Colbert at this city.

Two Men Shot.

About one o'clock this afternoon Fishtown was convulsed by a difficulty which occurred between some negroes engaged in cutting fish. It seems that William McKee, who had been drinking, became involved in an altercation with Bud Washington, and the cause of the latter having been espoused by John Toliver, McKee drew a pistol and fired four shots at him, none of which took effect. The cutters dropped their knives, and the attention of nearly everybody on the wharf was called to the act. Toliver ran aboard a vessel and McKee started to leave the wharf. He was followed by a number of persons, white and colored, and the fugitive started toward a northwestern part of the city, brandishing his pistol and ordering the crowd to keep away. When he reached the intersection of Pendleton and Wythe streets McKee discharged his pistol into the crowd and the ball struck George Griffin, white, in the leg, and he fell. McKee also fired at Robert Harris, colored, and the ball also lodged in one of his legs. The negro ran and the remainder of the crowd followed him. McKee kept on until he reached the extreme western portion of the city. The crowd of pursuers had by this time considerably increased, and every now and then McKee turned and threatened to shoot his pursuers. None seemed to have the temerity to draw close to him until he had reached the new railway embankment near the Mushpot road, when it was suggested that McKee's pistol was empty. The crowd then closed in on the fugitive, disarmed and assaulted him. Officer Young was one of the pursuers, and he rescued McKee from the crowd and took him in charge. McKee acted as a maniac on the way to the station house and attracted a large number of people. The officer was assisted by a young man named Griffin. Lieutenant Smith met Mr. Young as he drew near the station house and assisted in placing McKee in a cell.

River Notes.

The United States lighthouse tender Maple is now engaged in replacing the buoys from Riverside up toward Alexandria. She has completed the work of rebuoying the river in this vicinity.

Mr. William C. Wattles, agent of the Norfolk and Washington Steamboat Company in this city, has been placed in charge of the ferry wharf property here, recently purchased by the new corporation. It is understood that Mr. J. B. Padgett is no longer connected with the company or its successor.

The schooner Sidonia Curley, from the Rappahannock river with lumber to H. K. Field & Co, has arrived.

A handsome New York yacht is lying at Mr. J. W. Hammond's wharf. Two or three times a year the yacht visits this port for the purpose of filling its tanks with Mico water.

The granite building stone to be used in the construction of the new union railroad depot adjoining Alexandria is being landed at Mr. Hammond's wharf.

Confederate Veterans' Building.

When the property No. 806 Prince street was purchased, by R. E. Lee Camp, No. 2, C. V., a committee of ladies was appointed to solicit contributions for payment of same. Money was collected from various sources and our people will be glad to know more than one-half has been paid. A system of annual subscriptions has been established, many friends and well wishers pledging themselves to a stated amount for a term of years. Many of these subscribers, realizing the great effort these ladies are making to secure enough money during the coming month to make another payment, have expressed a desire to pay up their subscription in full. The committee will wait on the citizens generally in a short while with the sincere hope that many may be added to the subscription list. Persons desiring to aid in this memorial to the Confederate Veterans are requested to communicate with the committee.

Death of Mrs. Sampson.

Mrs. Sarah F. Sampson, wife of Mr. Henry Sampson, died at her home, 309 south Washington street, yesterday afternoon. The deceased was 69 years old and was a consistant christian, a loving mother and a faithful friend. She combined in her personality many lovable traits of character. She is survived by her husband, 9 children and 22 grandchildren. Her children are W. H. Sampson, of Richmond; E. K. and J. F. Sampson, of Manchester; Mrs. T. J. Davis, Mrs. J. F. and Mrs. H. C. Myers, Lillie, Clarence and George Sampson, of this city.

The Easter German.

The committee having in charge the Easter german of the Alexandria German Club have decided to make the dance to be given at McBurney's Hall on Friday, April 28, a favor one, and will distribute during the evening to those dancing upwards of 1,000 favors, many of which will be both beautiful and novel. A collation will be served during the evening.

Buildings in West End.

Messrs. Clinton and Frank Ballenger are having erected in West End four attractive eight-room brick dwellings. The construction is in accord with modern plans and each building will be equipped with sanitary plumbing arrangements and fitted with gas fixtures, anticipating that in the near future gas or electric lighting will be introduced into that neighborhood.

The Cold Wave.

The cold weather which set in Saturday night held its own yesterday and throughout last night, and this morning the mercury in the thermometer stood at 42°. The heavens were overcast and conditions threatening. The temperature was raw and cold and fires were much enjoyed. The frost is believed to have caused serious damage to the fruit hereabouts.

The Fishery.

There has been a falling off in the receipts of herring during the past few days, and prices have advanced. They were selling at from $3.50 to $4 per thousand from the boats this morning, but packers were receiving from $5 to $5.50. Shad were quoted at from $25 to $50 per hundred. Pan fish are scarce and high.

Corporation Court.

[Judge L. C. Barley presiding.]

City Bank and Trust Company of Alabama vs. Mt. Vernon Insurance Company, a suit for non-payment of loss on a policy; case continued till July term.

A Silver Tea.

Books, books, books—and books!
And something else beside—
For poets tell, and we all know,
That man cannot abide
Where there're no cooks—
So we'll serve cake, and candy, too,
Some chocolate and tea for you—
Then—buy more books!

"There is nothing like the dogma to create the dream; there is nothing like the dream to engender the future; Utopia today—flesh and bones tomorrow." Those inspiriting words of the great immortal—Victor Hugo—define, exactly, the raison d'etre of the Alexandria Library, which owes its inception to the opinion of one woman in our midst that a collection of books for general circulation amongst "bookishly inclined" Alexandrians was an imperative necessity. Her actuating resolution inspired other women to dream her dream, which came true in the establishment of the Alexandria Library, now a substantial institution, with many books upon its shelves and in circulation, but with room for ever so many more. Dolce far niente summer days will soon be here, when the mind, taking holiday, will find leisure and desire to meander, with enjoyment, through the happy world of books, in search of the newest and best in current literature. In preparation for just such leisured minds the Board of Management of the Alexandria Library, on Thursday afternoon, April twenty-seventh, at their rooms on Prince street, will hold a silver tea for the benefit of the Library, and a portion of the silver offering will be used for the immediate purchase of some new and nigh-priced books. The board promises its guests a good time, with—

"A feast of reason" on the shelves,
Sweet draughts from friendship's bowl—
Which, joined to brimming cups of tea,
Shall start a flow of soul.
There friend may meet with dearest friend,
and make this Silver Tea
The season's greetings to new books—
A book-souled rhapsody!

The Board of Management takes pleasure in inviting to the tea all subscribers, as well as all book-lovers, and any others interested in the library per se. The tea will be served from 4 to 6 p. m.

The Recent Lorton Tragedy.

Commonwealth's Attorney Ford, of Fairfax county, at the request of the Governor, today went to Lorton and investigated the recent killing of the Italian, who had previously shot and killed George Malcolm at that place. After examining many witnesses of the affair Mr. Ford said that the men who attempted to arrest the Italian were a legally organized posse and that the killing of the Italian, if he was killed by a shot from the posse, was fully justifiable. This he will report to the governor, who will report to the State Department, which in turn will report to the Italian Minister. Mr. Ford said that the men who attempted to arrest the Italian showed marked bravery in the affair.

Alarm of Fire.

The alarm of fire shortly before 3 o'clock this afternoon was caused by the discovery of a slight fire in a building on the east side of Fairfax street, between Cameron and Queen. A brisk northwest wind was blowing at the time and there was some apprehension as to what would be the result of the fire, but the department, which was soon on hand, quickly extinguished it. The building was formerly known as St. Mary's Academy. The damage was slight.

While the above fire was in progress the roof of a house on Queen street caught fire from flying sparks. This was extinguished before any serious damage resulted.

Opening.

Mr. W. P. Taylor this morning opened his drug store, No. 616 King street. The store has been renovated and improved and handsomely refitted and is now one of the most attractive drug stores in the city. During the day a large number of Mr. Taylor's friends called to wish him every success.

Runaway Motor Car.

A very handsomely dressed and bejeweled woman, who gave her name as Mrs. Coates, was injured in a motor car accident in New York yesterday afternoon. A hansom cab with a woman inside was going south on Broadway, and at Twentieth street the chauffeur felt something wrong. He stopped the machine and got down under it, but in fooling around touched something that set the machine off at top speed down Broadway. Having no one to guide it, the machine zigzagged along until it collided with a northbound car, which reversed it, but threw the woman out. She rolled toward the gutter, bruised and injured, and was picked up and carried into Sloan's carpet store. The machine ran up on the sidewalk and into the doorway of Sloan's, knocking a boy down just at the door. He was Joseph Strong, of 326 Madison street, and was picked up unconscious. The chauffeur then came up and stopped the gyrations of the cab. The boy was sent to the New York Hospital, but the woman, who gave her name as Mrs. Coates, refusing her first name and her address, refused the first ambulance surgeon's aid, saying she preferred her own doctor. A second ambulance was called and she allowed the surgeon to dress her wounds.

Shot by Youthful Suitor.

In a weak voice, hardly audible in the rear of the little temporary courtroom, Elizabeth Ohlsen, the pretty 16-year-old daughter of a Swedish clergyman, told Magistrate Smith in New York yesterday how she was shot by Willie Smith, aged 17. The courtroom was packed to suffocation. Men and women, standing on chairs, learned forward to catch every word. "Willie called at my home and declared he loved me dearly," said the girl. "I told him we were too young to marry. He still persisted, but I was firm, and he became very angry. Then he left the house. The next time I saw him I was walking on the street with my mother. He came up to me and grabbed me by the arm. I shook him off and he followed up to our home. He entered the house after us. He again told me how much he loved me. I again told him we were to young. He said: 'I have come to see you for the last time.' The he drew the revolver, pulled the trigger and that was the last I remember."

The bullet is still lodged in her left breast and an extremely dangerous operation will be necessary to remove it.

Plans to Get Rich

are often frustrated by sudden breakdown, due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies and give you a new start. Cure headache and dizziness too. At E. S. Leadbeater & Sons' drug store; 25c, guaranteed.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zichefoose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by W. F. Creighton & Son, 924 Queen street.
